Cover Letter

Dear Sir/ Madam,

Please accept my application for a part time/ full time in your organization. I believe that you'd find me as an enthusiastic and efficient person in the working environment who can work with enthusiasm and can.

In recent working experience I had the opportunity to monitor the sales, ins and outs of our family's rice crop business. My job back then was to take note of the numbers of produce of the farm. In that field of work, farmers tend to use the old school way of writing data by summing numbers out manually, but I managed to use an efficient way to keep the numbers organized by using my phone's spreadsheet so that I can easily present data to my manager regarding our production.

I can assure you that I'm teachable and I always look for ways to maximize and improve

		<p>the workplace while staying enthusiastic.</p> <p>I would very much like to discuss opportunities with you. To schedule an interview, please call me at 0960 585 4680.
